

Living History

Jewish Heritage and the Holocaust

Remembering...
Learning...
Working together...

Peacework has created meaningful and stimulating global experiences for colleges and university programs and organizations for over twenty years. Now, Peacework and the Foundation for Preservation of Jewish Heritage in Poland have joined together to offer unique educational and service experiences around the Holocaust.

Programs typically cover 7-14 days and provide a broad perspective on Jewish and European history, events that led to the horrors of the Holocaust, political dynamics in Eastern Europe since before World War II and from the Soviet period, and opportunities for students from Poland and the United States to know one another and work together to build a better future.

OUR PARTNERSHIP

PEACEWORK

The Foundation for the Preservation of Jewish Heritage in Poland was founded by the Union of Jewish Communities in Poland and the World Jewish Restitution Organization (WJRO) in 2002. Their mission is to protect surviving monuments of Jewish heritage in Poland. The Foundation is active in regions whose location far from major cities makes it difficult for Jewish communities to provide adequate care. Project areas cover nearly two thirds of Poland.

Peacework volunteers in Poland 2010.

Contact Peacework about these and other global programs that illustrate history, expand the academic experience, and change the world!

Living history is remembering the Holocaust, walking through Auschwitz and Birkenau, hearing stories of the Jewish community in Poland from the turn of the century through Solidarnosc and today, and working together to build a better future!

Peacework is a 501(c)(3) nonprofit organization.

Our goal is to promote social change through educational, social, and economic development partnerships around the world.
