### HOW CAN I GET INVOLVED?

There are several ways to get involved, make a difference, and contribute toward saving Jewish physical heritage in Poland.

One way is through our Adopt-A-Jewish-Cemetery initiative whereby you manage, organize, direct, and finance a project important to you and your family at a cemetery meaningful to your heritage. Projects can be big or small (fence, gate, signage, or annual maintenance and clean-up) and are conceptualized, managed, and financed by you, your family, or partners or groups that you choose to recruit. FODZ is your liaison to the Jewish site, the community, and the local administration, and can act as legal and organizational facilitator to help you realize your project goals.

Another way to make a lasting difference is to donate. Donations to FODZ can be GENERAL (where we apply your contribution to one of our rehabilitation projects) or SPECIFIC (where you earmark the donation's destination to a particular Jewish site). Where a specific Jewish site is not one of our current projects or a FODZ-managed property, your donation becomes "seed money" for a future project. This means that the money sits in a fund unique to your project site (synagogue or cemetery), to which others can also contribute. When the seed money is sufficient (for example, to finance a cemetery clean-up), FODZ will withdraw it and make the necessary arrangements.

If our Adopt-A-Jewish-Cemetery appeals to you, please read more on the Projects page of our website, including "What it means to adopt a cemetery":

If you wish to "seed" a future clean-up project at a specific Jewish cemetery that is important to your family heritage, please visit the Donate page of our website, where you have a number of options for making a contribution including via PAYPAL. Please be sure to note your cemetery name and location in the PAYPAL message box so we know how to apply your donation:

Please contact us if you want to make a difference in Poland – and in your family town or cemetery.
